

SIZING INSTRUCTIONS

Using a measuring tape, measure your body (not over clothing). If you fall between sizes, order the smaller size for a tighter fit or the larger size for a looser fit.

Men: Use your chest and neck measurements to determine the proper size for tops or outerwear; use your waist measurement (where you wear your pants) for bottoms and belts.

Women: Use your chest measurement to determine the proper size for tops or outerwear; use your hip measurements for bottoms; use your waist measurement (where you wear your pants) for belts.

Conversion: To convert between metric and imperial sizes: 1 inch = 2.54cm / 1 cm = 0.39 inches.
